

INVITATION

The graceful feminine principle,
that dwells in every human heart
invites you
to be part of our world community
standing up for peace,
forgiving what has happened in the past -
the way we have hurt, exploited and killed each other...
We understand, it is all manmade
and that we can change it.
NOW!

It is a historic moment,
where we can transform
hatredness and fear into compassion
where life is experienced as inseparably one
allowing all differences in respect and tolerance
to bloom together as one unique expression
listening to each other with the heart.

We invite you to "stand up"
for a world community in peace and harmony
wherever your "Big Heart" and "Big Mind"
wants to set a tone in your unique way.

We are one big family
living on this beautiful planet Mother Earth.
As human beings, we are the guardians of it,
with the potential to co-create
heaven on earth.

THANK YOU!
